

Thank you for visiting the WA Website – a place where members, supporters, and the public can connect, find information, and learn about the Western Area of The Links, Incorporated. It is my pleasure to welcome you and introduce the home we have created for the most up-to-date information on our members, and our work in the 60 communities and 10 states that make up the Western Area.

We are extremely proud of our dynamic membership and our transformational community programs. The Links, Incorporated is one of the oldest and largest volunteer organizations of predominantly African American women who are committed to service – a legacy that we embrace and exemplify in the Western Area. On this site you will find reflections of our rich history, but you can also connect with TODAY’s Leadership Team. There are convenient links to Chapter information, special events, documents, and most importantly – our extraordinary programs.

I am fortunate enough to see firsthand the positive impact our members and chapters have on the lives of the people and the communities they serve. For that reason, I am committed to keeping the information about their work in the Western Area, current, dynamic, and relevant, on this newly designed website.

We hope you will find this site informative, easy to use and full of resources about what we do on behalf of those we serve in unique communities from Texas to California to Alaska and Hawaii. We have integrated social media so you can stay connected wherever you are, and multimedia images, videos, and other interactive content to bring you resources and information in formats that work best for you.

Our ultimate goal is to give members and chapters as many tools as possible to operate efficiently and effectively, and to also create a broader public awareness of the amazing work they do. We have adopted the theme “*A Mind for Business and A Heart for Service.*” We hope this website exemplifies both of these concepts and inspires you to embrace them as well.

So please, enjoy the website! We welcome your feedback and we invite you to come back often and visit the site again, and again, and again.

Roxann Thomas Chargois
Western Area Director
